

## **CASE STUDY**

Name	Jenarthanan Lai
Purpose / Challenge	Had to learn 14 points (Management Requirements) for a project in less than 24 hours
Technique used	Loci
Result / Remarks	Nishant, the Loci technique was phenomenal. I had to learn these points for a project the next day and was having trouble getting these requirements into my head. I took some time off to apply Loci and it was a lifesaver. Thanks Nishant, for opening the locks to my mind that I never thought were possible.
Process:	So this is how I did it. See below.

### Management Requirements

1. Organization
2. Quality system
3. Document control
4. Review of requests, tenders and contracts
5. Subcontracting of tests and calibrations
6. Purchasing services and supplies
7. Service to client
8. Complaints
9. Control of nonconforming testing and/or calibration work
10. Corrective action
11. Preventive action
12. Control of records
13. Internal audits
14. Management reviews

LOCATIONS	KEY IDEA	ASSOCIATION
Road	Organization	Crossing the road to an <b>organization</b>
Gates	Quality system	Reached the gates equipped with screening technology; they checked the <b>quality of my system</b> .
Guard house	Document control	The guard was holding some <b>documents</b>
Garden	Review of requests, tenders and contracts	Walked into the garden and saw the flowers were <b>requests, tenders and contracts</b> instead.
Porch	Subcontracting of tests and calibrations	Walked to the porch and I thought to myself I need to <b>subcontract</b> this project to extend my porch.
Car	Purchasing services and supplies	Walked to my car, and it had a kiosk-like gadget which allows me to <b>purchase services and supplies</b> .
Garage	Service to client	Walked to my garage, and it had all the facilities to <b>provide service</b> .
Front door	Complaints	I wanted to <b>complaint</b> so I walked to the front door and placed my form.
Bar	Control of nonconforming testing and/or calibration work	They took me to the bar and gave me a drink ' <b>No-Keformin</b> ', and said it was a <b>test</b> .
Couch	Corrective action	Sat down on the couch to <b>correct</b> my vision.
TV	Preventive action	Switch on the TV to <b>prevent</b> me from sleeping.
Record player	Control of records	Nothing interesting was on, so I played the <b>records</b> of my favourite oldies.
Kitchen	Internal audits	My boss appeared at the kitchen, holding sheets of paper which seemed like <b>audits</b> .
Window	Management Reviews	The <b>review</b> ? I got thrown out of the window for drinking during working hours.

**NOTE FROM NISHANT:**

**You may not like (or even understand) some associations because you don't have the same context as the person who created the Loci.**
